

Data Bites 2.0 February 2024

Question: In FYs 2019-2021, what were the **top states** that show **increases and decreases** in percent change?

The **green** states are states that have increased their percentage of community services spending between FY 2019-2021.

The **red** states are states that have decreased their percentage of community services spending between FY 2019-2021.

State of the States
In Intellectual and Developmental Disabilities

The State of the States in Intellectual and Developmental Disabilities Project is a national longitudinal comparative study of financial and programmatic trends in spending on supports and services for people with intellectual/developmental disabilities (IDD) in the United States. The project is funded by the U.S. Administration on Community Living as a Longitudinal Data Project of National Significance.

Definitions

Percent Change: The percent increase/decrease over time

Community Services: Community services consist of federal, state, and local government spending for publicly or privately operated community-based residential programs serving 15 or fewer persons per setting.
